REPORT FROM THE BOARD OF DIRECTORS CHAIR

This year I again bring you very positive news as we celebrate excellent results while still prioritizing our Members’ financial needs. The effective management team and dedicated staff are a key factor in the ongoing strength and performance of Your Neighbourhood Credit Union. Despite a challenging economic environment, management exceeded their budget with a return of approximately $4.5 million dollars.

Congratulations to our entire team of employees for exceeding the earnings by about $1.5 million dollars. This additional bench strength will make it possible to continue to offer more improved services to our Members. It also allows us to again share the wealth with our members, offering $300,000.00 in Patronage Dividends this year.

I cannot overstate to the Members just how fantastic the people are that work here. The Board heartily supports the leadership team in their quest to continue to make YNCU a great place to work. We are on a constant path toward improvement. Do not hesitate to offer any suggestions of how we can serve you better, and how we can earn more of your business and your referrals to family and friends.

Within our varied and widespread locations we attempt to reach the many communities we live in. We are part of the group of responsible corporate sponsors who donate 1%+ of the annual pretax profits to make a difference where we live, work, and play. In 2019, $90,000.00, and countless volunteer hours were put back into our communities.

Faster and easier access to financial services continues to be a priority through self-serve digital technology. We are working on offering a virtual branch option so desired by the millennials and future younger members. The reality is that we need to embrace technology on a scale we could have never imagined a decade ago.

We are familiar with the increased competitiveness of the financial landscape we work in with its ever evolving parameters. As I prepare this report a new and totally unexpected threat to our economy in the form of COVID-19 (Novel Coronavirus) has come on the scene, showing us how vulnerable our economy really is and how closely linked the entire world also really is.

We will continue to make tough but well-thought out choices in the highly regulated financial services sector in which we have not only existed but thrived for the past 70 plus years. Your Board and management team continues to focus on putting our Membership first in all of the decisions we make. YNCU works diligently with Members to help them buy their homes, vehicles and important property while assisting with financial advice and creating plans to achieve individual financial goals.

As I have said many times before and our staff continues to show: We are a BETTER place to save and invest; a BETTER place to borrow and a BETTER place to be both a member and an employee. We are well-positioned to meet head-on what the economy and the markets will bring our way.

To you, the Member-Owners, I also say a resounding thank you for entrusting us with your very important financial business.

2019 – The final year in a decade that provided such substantial growth for YNCU. Each year, I sit down to write this report and reflect on the previous year’s successes and challenges, but I would be remiss this year if I did not take a moment to acknowledge the eventful decade our credit union has had. It’s natural to get caught up with the “next big thing” we are working on and tackling as a team, that we so rarely get the chance to truly reflect on how far we have come over the past decade. I invite you to walk with me down memory lane to 2009. I am so very proud of the accomplishments of our team over the last ten years that got us to where we are today.

Progress is impossible without change, and here at YNCU we have embraced the changes we need to position us for future success and relevancy. It is all too easy to put so much focus on how we get from day-to-day – developing financial solutions, supporting our staff, and helping our members – that we miss the bigger picture of just how far we have come together. In the past decade we have been through 3 mergers, 2 major banking system updates, 1 complete rebranding, and countless improvements to our credit union in every area of our business, including but not limited to technology, security, and the member experience. Small changes have culminated into huge results. Heading into the next decade, YNCU is positioned for success and looking ahead to great things.

These achievements are impossible, without you, our member. Our members are the reason we have the immense pleasure of providing financial services to the good neighbours of Northern and South Western Ontario. Membership matters – it is the driving force behind everything we do. In 2019, we launched a refreshed brand, aptly named “Welcome to the Neighbourhood.” The brand was inspired by our members – friendly and inviting. You welcome us into your lives every day that you give us the privilege of being your chosen financial partner. As our members evolve and change, we want to evolve with them. Our purpose is to be a financial institution that you’re proud to have in your corner, and as your neighbour. We experienced a full transformation, inside and out, bringing our new brand to life in every aspect of our organization, from our website to our branches. And with more exciting changes planned for 2020 and beyond, you will continue to see our brand at work in your communities.

A revamp of our brand involved evaluating our culture to ensure our staff are able to embrace all of the change that lies ahead. Workplace culture is what sets our organization and our values apart from others. Positive workplace culture attracts and retains talent, drives engagement, impacts our happiness and satisfaction, and affects employee performance. The culture of YNCU is incredibly important to me, and since it starts with me, I made it my priority to get it right. We did a deep dive into our internal and external culture and assembled a focus group with individuals from all areas of the organization. From there, we conducted staff surveys and interviews and performed analyses on all of our findings. It all boiled down to one thing, our staff want their workplace culture to be meaningful. They want to help people – help each other, help our members, and help our communities. They want to feel fulfilled in knowing that the work they do matters and means something. Thus, the cultural statement of YNCU, “Do the Right Thing” was born. At the core of every decision, every action, and every interaction, we make it our mission to do the right thing. We do that by taking care of our members and offering them the best solutions for their needs, even if it’s not always the most profitable one for us. We show it by investing in the training and development of our staff, so they can realize their full potential.

Our staff really embraced doing the right thing in their everyday lives with the launch of the Good Neighbours program. In addition to the corporate donations and causes we regularly support, the Good Neighbours program allowed our staff to choose the causes that were important to them. They gave their own time outside of work to donate to an initiative in their community, and YNCU provided a $150 donation. The only two guidelines to the donation? Be local, and do the right thing. As long as the charity or organization was doing something to improve our communities, we supported our staff participation. It truly warmed my heart to see how many of our staff took advantage of the program, investing their own personal time to lend a hand in their communities. This is the YNCU difference – what sets us apart – and what makes me the most proud to come to work every day.

We had a fantastic 2019. We changed our look from the inside out, bringing our new brand to life in every aspect of our organization, from our website to our branches. We experienced a full transformation, inside and out, bringing our new brand to life in every aspect of our organization, from our website to our branches. And with more exciting changes planned for 2020 and beyond, you will continue to see our brand at work in your communities.
in forward-thinking capabilities – all to be better able to adapt to a fast-changing, and an increasingly tech-driven industry ecosystem. What does the future hold for YNCU? We will continue to push the envelope on digital modernization, from behind the scenes to our digital engagement channels. A decade ago, when I wrote this report in 2009, everyone was talking about “e-business” and “e-commerce”. Over the last ten years, the initial “e” went away, and this has become our new normal. Internet development and large technology investments, drove unprecedented advances in efficiency. The only constant is change, and the digital agenda is ever-progressing and ever-evolving. From the member experience and operational efficiency to big data and analytics, we are always looking to what’s next on the horizon to ensure we remain relevant and competitive.

By any measure, our 2019 financial results detailed in this report are impressive, and they demonstrate our members’ commitment to investing locally. I’d like to take this opportunity to thank you for choosing us to be your financial partner. Your membership matters to us. We don’t take our responsibilities to our members and our communities lightly, and we will continue to work hard to earn your business every day.

As always, thank you for being a part of YNCU, and for embracing the credit union difference.

Your Neighbour,

Kerry Hadad
Chief Executive Officer
Since our members are the most important part of our neighbourhood, we thought we’d share some of their kind words from the past year.

"UNLIKE SOME OF THE LARGER BANKS, WE FELT AN IMMEDIATE CONNECTION WITH YNCU. ONLY YNCU MADE THE EFFORT TO COME TO OUR GALLERY TO MEET WITH US AND TO LEARN MORE ABOUT OUR PROJECT."

- John Kears, Karger Gallery, Business Member
WHEN WE SWITCHED TO YNCU, WHAT WE DIDN’T KNOW IS WE’D HAVE SOMEONE WHO WOULD PERSONALLY CALL, EMAIL, MEET OUR KIDS, SEND US CARDS ON SPECIAL OCCASIONS AND HELP US NAVIGATE EVERYTHING FROM OUR MORTGAGE TO SETTING UP MY MUNICIPAL CAMPAIGN ACCOUNT.”

- Marc Lafriere, Paris Member

CUSTOMER SERVICE THESE DAYS IS LACKING IN SO MANY PLACES BUT NOT AT YNCU. ALL THE STAFF FROM THE TELLERS TO THE MANAGER THERE ARE SO PERSONABLE, HELPFUL AND EASY TO ENGAGE WITH.”

- Vicky East, Brantford Member

As a co-operative financial institution, we believe that our communities deserve more from us. At YNCU, it is our mission to make a positive impact on the communities we serve.

From the largest public projects to the smallest local initiatives, we believe that together we can build stronger neighbourhoods that foster local growth and prosperity. Through grants, donations and sponsorships, YNCU made over $90,626.52 in community investments within 20 Ontario branch communities.
THE GOOD NEIGHBOUR APPROACH

In 2019 a new giving strategy - the Good Neighbours Employee Giving Program - was launched. The program encourages staff to roll up their sleeves and invest in their neighbourhood by volunteering. In exchange, staff can further their impact by designating a YNCU donation of $150 to a local cause of their choice. A total of 566 volunteer hours was invested by staff resulting in $5,550 donated in honour of their volunteerism. Whether we’re actively volunteering, serving on boards or committees, or lending our support to local charitable events – the Good Neighbours Program encourages all of us to get out there and make a real impact in our neighbourhoods.

Here’s What YNCU Good Neighbours Have to Say:

"It has been a very rewarding and humbling experience and I plan to continue volunteering after my Good Neighbour hours are complete. I really enjoyed this!" - Melissa Poynter, Senior Member Service Representative, Stratford

"It’s important for me to give back. Having grown up with so many privileges and advantages I feel compelled to always find time to give something back. Reaching out and helping people brings more satisfaction than anything else I have ever done.” - Matt Lukas, Director, Member Experience, Southern Ontario

"I volunteer as it offers vital help to people in need for a worthwhile cause and the community.” - Kirsti Medaglia, Service Excellence Associate, Sault Ste. Marie

"I feel that everyone can and should give back to their community. We all benefit in some way from several organizations and use the facilities or programs that they work so hard to build and maintain, we can all give up a few hours to assist.” – Mary Pines, Assistant Branch Manager, Shakespeare
