

CANDIDATE BIOGRAPHY OF

ALEX C. CUSHLEY

BSc, BEd, MSc, PhD, RMC, OCT

My name is Alex Cushley, and I am applying for a position on the Board of Directors of YNCU. With a background in physics, education, and military service, I bring a diverse skill set and a unique perspective that will contribute to the continued success and governance of YNCU.

I hold a PhD in Physics from the Royal Military College of Canada (RMCC) and have experience as an associate professor, research associate, and contractual assistant professor at RMCC. My research has focused on ionospheric sounding and satellite communications, and my experience in the Canadian Armed Forces has honed my leadership and problem-solving skills. Additionally, I have taught mathematics and physics at both the post-secondary and secondary levels.

As a board member, I will bring critical thinking, data-driven decision-making, and a fresh perspective to help YNCU thrive. I am committed to ensuring that the interests of members remain at the heart of every decision and will advocate for long-term sustainability, innovation, and transparency. My background in research and teaching equips me with the ability to analyze complex challenges and find practical solutions that benefit our members.

I would be honored to serve on the YNCU board and contribute to the advancement of our cooperative. Thank you for considering my candidacy.
