## CANDIDATE BIOGRAPHY OF **JULIEN R. DEN TANDT**

I have been a member of the YNCU Board of Directors for three years and the experience has been extremely rewarding for me. I have built an excellent rapport with the other Directors on the Board and together we work for the members of our Credit Union to ensure that you receive quality service and products.

After immigrating to Canada from Belgium my family purchased a general farm near Woodstock, Ontario which led me to attend Ridgetown Agricultural College and immediately pursue the world of business after graduation. Over the years I held increasingly senior management roles and ultimately specialized in transforming companies using a more client and market-driven management style. By focusing largely on employee engagement and motivation my passion grew to improve the performance of companies, especially those involved in the international Agri-sector including rural economic development.

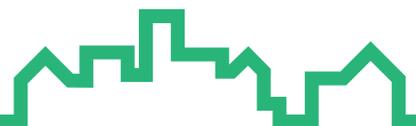

I came to see tremendous community benefits from co-operative type organizations and served on numerous boards. Truly, that is what YNCU is, a financial co-op . . . people working together to help one another.

I currently live in Puslinch, Ontario with my wife Joan and when not at home, we are travelling to visit our three children living in Ontario, New York and Australia. Since Joan and I joined YNCU in 2013 our children and friends have also become members. I believe it to be so important that we see ourselves as a credit union, not a bank, because in my opinion there is a significant difference.

I will continue to add value and support the members and the many communities we serve by using my acquired skill sets and passion for the Credit Union system.

Thank you for your continued support.

I'm Mike Turner, I have been on the Board of Directors and Audit Committee for the past year and have enjoyed working with the great staff and other board members. I am hopeful to have your support for the next three year term. I would like to continue to strive for three goals.

1. Support all members to achieve financial well-being

I have a CPA, CMA accounting designation with over 35 years experience in senior financial positions, retiring from full time work in 2019 and now providing financial consulting services. I have extensive background in financial statements, budgeting and strategic planning.

I also was on the Board of Directors for London Civic Employees Credit Union and Boomerang, prior to their merger with YNCU.

I have also had many years on corporate committees that were dedicated to providing both financial and volunteer work for many charitable organizations both national and local in our communities.

I would work very hard with the Board and ensure that the members are supported to the best of my ability.

Thanks for taking the time to read my candidate statement.
