WELCOME TO THE
NEIGHBOURHOOD

Local business deserves better than a bank.

If we were to offer you only one thing, it would be this: a real partnership. We approach our work with every local business as if it's our own. And it shows.

Of course, we offer many other things, including a full suite of business banking services, run exactly the same way you run your own business. *Locally.*

Don't just buy local. Keep your money here.

If you'd rather support a local shop than a big box store, think about where you keep your money – not just where you spend it. Unlike the banks, every dollar deposited stays here. Profits are reinvested in the community. Small businesses get the funding they need to grow. All good things.

Neighbours are better than strangers.

We're able to leverage the power of local decision-making to get you the financing you need. If you've ever been forwarded to a bank's head office with no firsthand knowledge of you or your business, you already know how valuable this can be.

If it matters to you, it matters to us.

As a member, you're also an owner. You have a say in where your money goes. You have a vote for who sits on the Board. And you get to share in the profits, along with the communities we serve. Banking doesn't get any more local than this.

Get all the tools you need to grow.

With a full roster of products and services designed specifically for local businesses, we've got you covered.
